Qnective

Senior SIP/VoIP System Engineer

About Qnective

This is your opportunity to join one of the international leading providers of secure communication platforms and solutions for the next generation of mobile communication. Qnective offers secure communication services for governments, public safety organizations and large-scale enterprises. The company develops and maintains a Swiss made, unique proprietary encrypted platform for telephony and communication services with mobile devices.

About the role

We are looking for a **Senior SIP/VoIP System Engineer** to complete a team of highly qualified professionals devoted to the design and the development of innovative secure mobile communication solutions. For this international and dynamic environment, we are looking for a strong and organized personality able to deal between various responsibilities, showing initiative, independence and high professionalism.

Responsibilities

- Participate in the design, integration, testing and deployment of the VoIP solution
- Execute interoperability tests with third-party vendors
- Coordinate and troubleshoot the integration process of the solution with customer's PBX together with the operation team
- Working closely with the engineering teams
- Acting as a Senior within the team: mentoring and training colleagues on SIP topics
- Involved in the development of secure messaging and secure telephony solutions

Your profile

- Higher Degree in Computer Science, Telecommunications or similar
- 3+ years' experience with SIP protocols, routing components and related media transmission protocols (SBC, B2BUA, SDP, RTP, SRTP etc.)
- 3+ years' experience in system engineering for telecom products (e.g. SIP/SRTP-based system architecture)
- Experience with PBX vendor products such as Cisco Call Manager, Microsoft Lync
- Strong experience in VoIP integration, testing and SIP troubleshooting
- Working experience in scripting and Java/C++ development is a huge plus
- Willingness to travel, when needed
- Proactive and independent personality
- Fluency in English
- Eligibility to live and work in Switzerland

What we offer

This is your chance to join a highly innovative team with experienced professionals. You will encounter a friendly atmosphere with a start-up and entrepreneur mentality. Furthermore, we offer you a permanent employment with a competitive package and the possibility to live in one of the most beautiful areas of the world. In addition, we also offer you broad possibilities to evolve in your career.

Interested? Send your application (CV, motivational letter, diplomas) to Mr. Erduan Mellova at jobs@qnective.com with the subject line **"Senior SIP/VoIP System Engineer"**.

For this role we only consider direct applications from candidates.
